Colored Department.

This department is in charge of the above-named committee. They have issued the following circular to the colored people of Virginia. It is expected from present indications that their exhibit in this department will be a most interesting one:

RICHMOND, VA., June 6, 1888.

The managers of the Virginia Agricultural, Mechanical and Tobacco Exposition, having allotted to the colored people sufficient space in the Exposition building in which to exhibit their products; we, the undersigned committee, urge upon them the importance of placing their products on exhibition at this great exposition in connection with our white countrymen.

We believe that a distinct collective exhibit of the products and mechanisms of our people will afford a better opportunity to the world to observe the progress made by them in the twenty-five years of freedom than any other course we could adopt. The advancements and accomplishments of our race in the various trades, professions and industrial pursuits are not only evidences of the growing liberality of the Government in general education, but also the capacity of the race to contribute to the material wealth and consequent growth of our State. Therefore we call upon colored farmers, mechanics, artisans, tradesmen, manufacturers and producers of all kinds of goods, wares and products to place them on exhibition.

Space is given free of charge; railroad rates and steamboat freights are reduced on articles intended for exhibition.

Colored People's Day.

The 31st day of October the committee has selected for a grand demonstration and parade of the State and visiting militia, trade organizations and civic societies. This day the people of our race will have special access to the Exposition. Eminent men of our race will deliver addresses on educational and economic subjects. In the evening a grand vocal concert will be given by a choir of our best musical talent, in Music Hall. Duty to self, the race and the State requires every man to put forth his best efforts to make this great enterprise a grand success.

For further information address Joseph T. Wilson, secretary, 306 West Broad street, Richmond, Va.
